

“M&A Disputes – Liability, Quantum and How to Avoid Dealing with Either”

Iain specialises in litigation support and expert witness assignments, in particular those involving business valuations or complex loss of profits claims. He has been instructed as an expert in proceedings before courts and arbitral tribunals in a number of jurisdictions including the UK, Singapore, Malaysia, Thailand, India, Australia and the BVI and has been appointed as a tribunal expert in an UNCLOS arbitration. He is currently pursuing a number of areas of research, including a PhD with the University of Leicester and is overseeing research projects with teams from the National University of Singapore's Business School, focusing on shareholder derivative actions and on Singapore-listed companies' cost of capital.
